

ATLAS Accreditation Session BSEN 62305: 2011

Holiday Inn, High Wycombe
September 2017

ATLAS

ATLAS is delighted to announce an Accreditation Session on BS EN 62305, the recognised British Standard for the design, installation and testing of lightning protection systems, for those who have not previously sat the accreditation, or for those who would like to re-sit the examinations. The training will be provided by Sean Passant of ATLAS member DEHN UK.

The Accreditation Session is designed for those with no prior knowledge or training on either the 2006 or 2011 standard and will prepare the candidate to sit the accreditation exam. The session will be limited to 20 delegates to keep opportunities for discussion with the instructors to a maximum.

Gain Accreditation

The course will feature two days of training with a further day and a half of examinations the following week for candidates who would like to receive accreditation. Candidates who successfully complete the course and both examinations will receive an accreditation certificate valid for five years.
