ACCESS INDUSTRY FORUM

THE HEALTH & SAFETY EVENT 2018

THE NEC, Birmingham, 10 - 12 April 2018

The [Access Industry Forum \(AIF\)](#) is a partner of [The Health and Safety Event](#) taking place at the NEC, Birmingham from 10 - 12 April.

As part of the AIF - the forum for the eleven principal associations and federations involved in work at height – ATLAS will be exhibiting at this year's Health & Safety Event.

ATLAS will be represented on the [Dialogue Panel](#) by Ellie Hill on Tuesday 10, Jason Harfield on Wednesday 11 and Colin Clinkard on Thursday 12. The Dialogue Panel will allow visitors the chance to take part in a 30 minute Q&A on, 'Working at Height & Preventing Falls.'

In the **Working at Height & Preventing Falls** sessions the panel will discuss:

- Procedures typically used when working at height
- PPE and other equipment used to prevent injuries from falls
- Establishing rescue plans for those working at height
- Training for work at height.

As a leading member of the AIF, ATLAS will be explaining how it fosters and supports codes of good practice, equipment standards, training, education and knowledge.

ATLAS will be represented on AIF stand 284, offering state-of-the-art knowledge, advice and information on height safety.

Dedicated to safety professionals in the UK, The Health & Safety Event is your opportunity to meet and network with thousands of your industry peers.
